With 97,500,000 tvs in the United States, *everyone* has access to a television. It affects our language, our attitudes, our ethics, our fashion, our study habits — we even watch it everyday at school. Sometimes students complain that there is nothing do, but television is our window to the world. If you have cable television and remote control, you do not even have to leave your couch to go places. Television is a permanent fixture in our lives. It is an escape from real life though it sometimes mirrors it. Television is a temporary reflection of our lives. Yearbook is a permanent reflection of our times.

THE CLAS

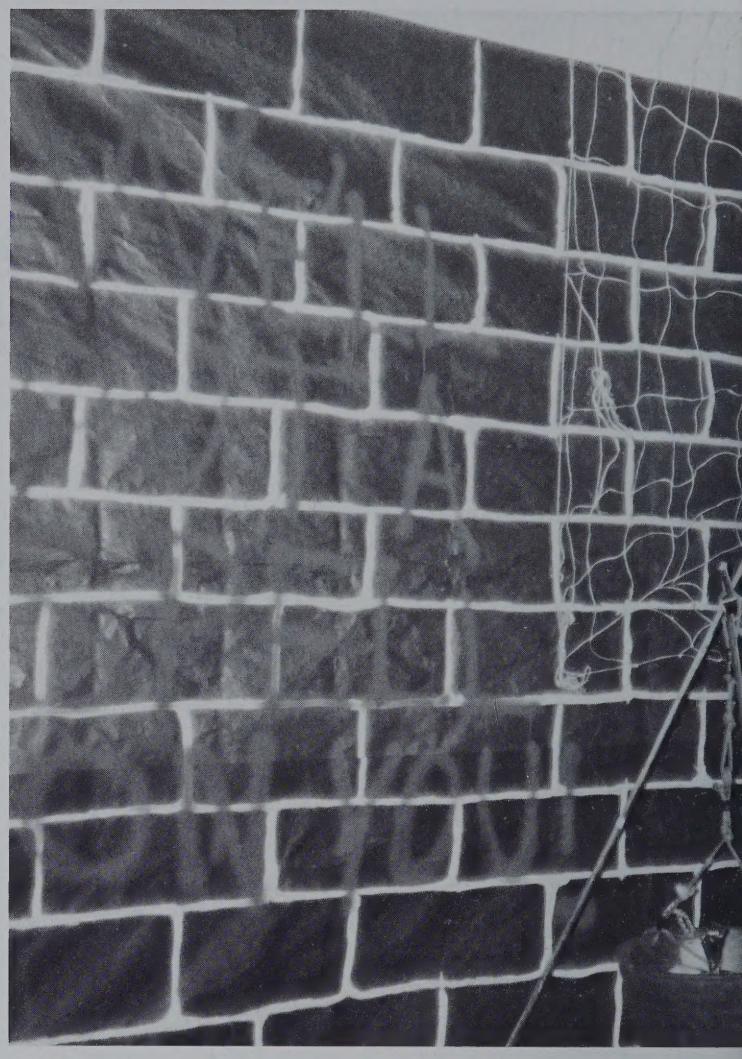
S OF 1996

Welcome Back Prince George

This year Spirit Week was a bit different from usual — there were two of them. Due to this change, we had fun dressing up for eight days: mix-match, twin, gender-bender, toga, crazy hair, blast from the past, and two days for green and gold. Many students and faculty participated by dressing up for at least one of the days.

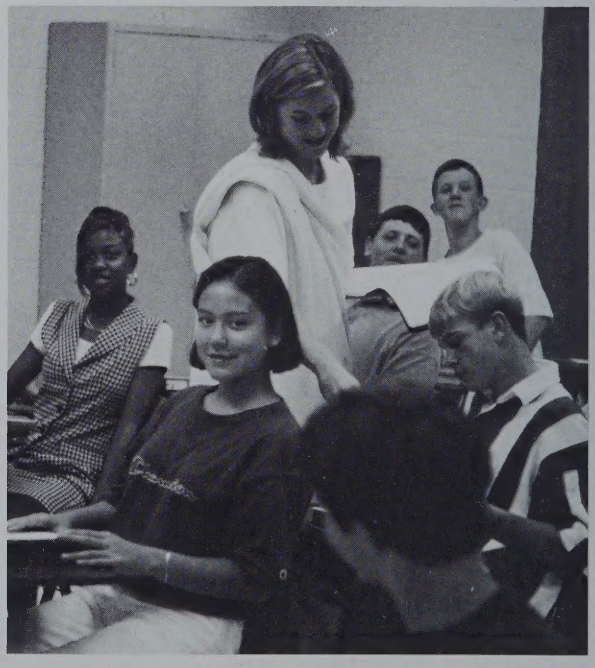
Not only was the homecoming game and carnival held off, but so was the hall decorating competition. The theme this year was "Holidays". They included Halloween (seniors), Thanksgiving (juniors), Christmas (sophomores), and July 4th (freshmen). Seniors had the winning hallway and won the spirit stick at the pep rally.

Having two Spirit Weeks gave everyone the opportunity to get excited for our team twice, and to dress up in a variety of "styles."

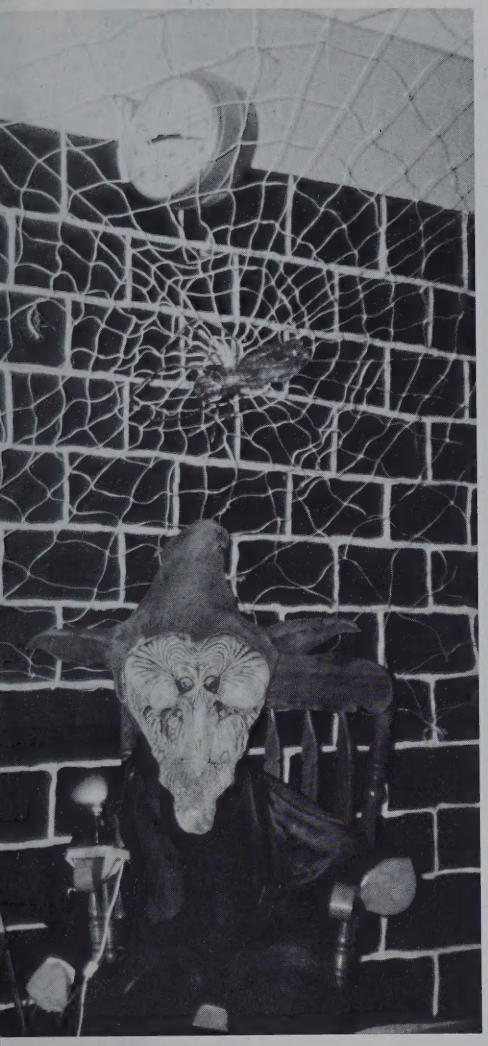


The winning senior hallway . . . Beware!

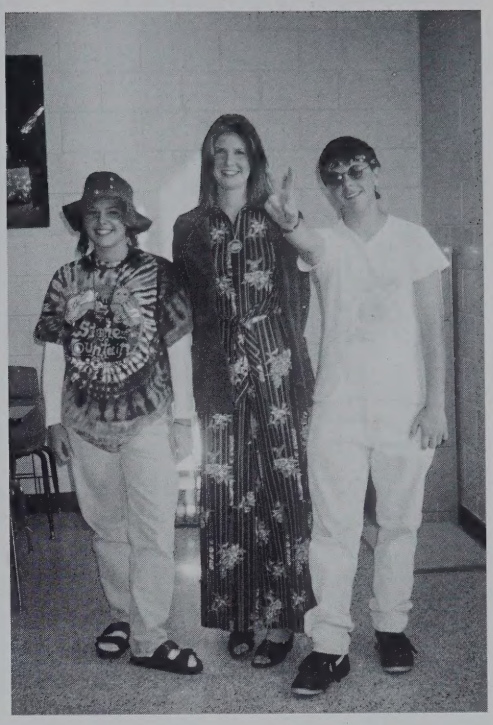
Murray, Zach, Christian, Rena, and Kristen go all out on crazy hair day.



Mrs. Lilly sports the Roman look on toga day.



Tasha and Candace — Doubletake!

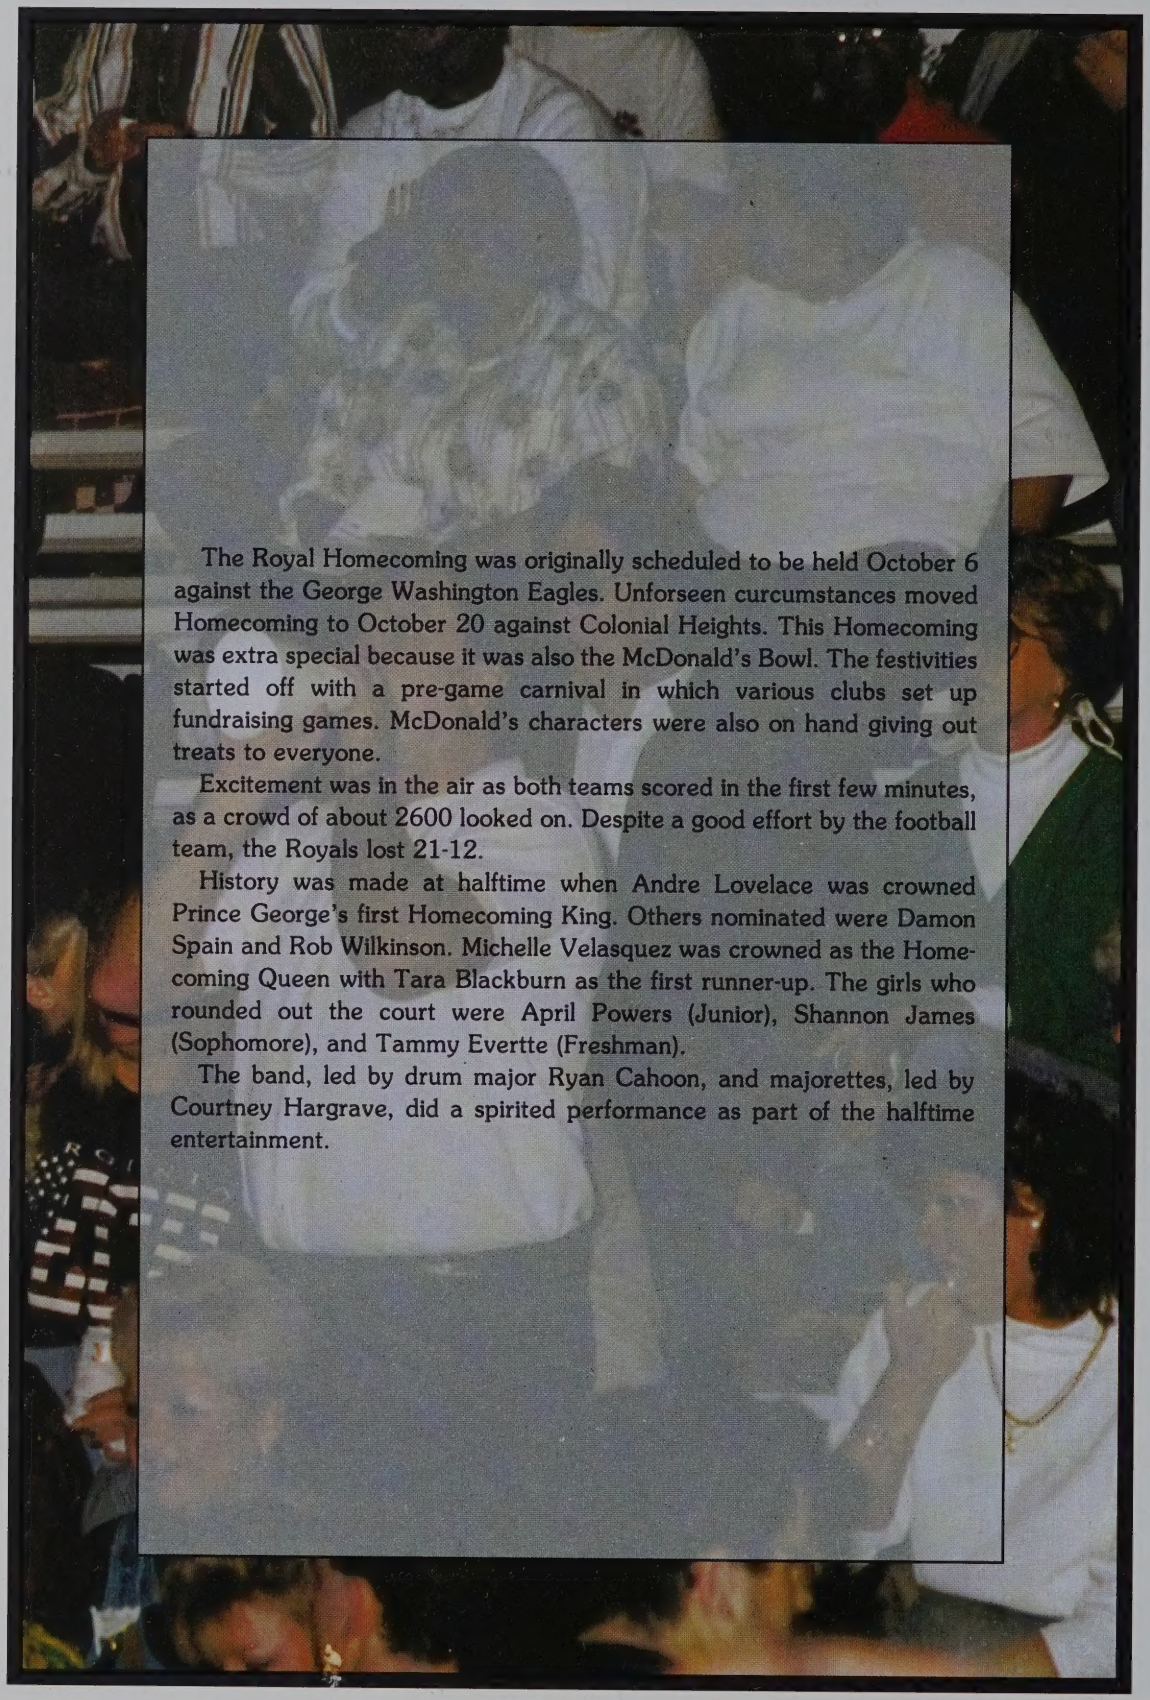


Joanne, Shelli, and Eugene look pretty groovy, huh?

Wouldn't a supermodel be jealous?

The sophomore hallway displays a yuletide wish.

HOMECOMING



The Royal Homecoming was originally scheduled to be held October 6 against the George Washington Eagles. Unforseen curcumstances moved Homecoming to October 20 against Colonial Heights. This Homecoming was extra special because it was also the McDonald's Bowl. The festivities started off with a pre-game carnival in which various clubs set up fundraising games. McDonald's characters were also on hand giving out treats to everyone.

Excitement was in the air as both teams scored in the first few minutes, as a crowd of about 2600 looked on. Despite a good effort by the football team, the Royals lost 21-12.

History was made at halftime when Andre Lovelace was crowned Prince George's first Homecoming King. Others nominated were Damon Spain and Rob Wilkinson. Michelle Velasquez was crowned as the Homecoming Queen with Tara Blackburn as the first runner-up. The girls who rounded out the court were April Powers (Junior), Shannon James (Sophomore), and Tammy Evertte (Freshman).

The band, led by drum major Ryan Cahoon, and majorettes, led by Courtney Hargrave, did a spirited performance as part of the halftime entertainment.

MILITARY BALL

The 1995 JROTC Military Ball was an opportunity for cadets to let their hair down and dance. It was held on May 20, 1995, in the Commons here at the High School. Sean Jolly and Francis Gonzales were voted king and queen. Cadet Major Daryl Johnson was awarded the Virginia State JROTC Leadership Award which was presented to him at a ceremony by the evening's guest speaker, Major Credle.

Kris Anderson holds very still as Mrs. Ceaser tries not to skewer him.

Tired of trying to get the guys to dance, the ladies show them how it's done.

That Was Then . . .

Television has been part of American culture for about forty years. It has become part of a daily ritual for some: morning news, afternoon talk show, evening news, prime time drama/comedy, the late news, late night shows . . .

Teachers and students alike have their favorite shows and arrange their work around them. When some teachers were in high school, they would race home to catch their favorite show just as their students do now.

With this survey it was interesting to see the differences between teen favorites then and now, and to see the similarities with current shows. Check it out!

ROWANTY

Almost everyone here at PGHS knows something about Rowanty. You probably wonder about that vocational-technical school that many of our students disappear to every day. You may know that it serves the counties of Dinwiddie, Prince George, and Sussex. You may even know its location in Carson. Most people think they know a lot about Rowanty, but they often overlook the importance of the school, its students, and the teachers.

Rowanty prepares its students for careers that are in demand. The school offers practical hands-on experience that is valuable in today's job market, English and GED classes are also taught. In addition to learning the actual skills needed for a particular job, students also learn to be dependable and hard-working employees.

Many different kinds of students go to Rowanty for many different reasons. Some will enter the work force immediately after high school. Others will continue a vocational education or go on to college.

Students at Rowanty enjoy it for varied reasons. Kaydee Wilson said, "I enjoy meeting different people from the other schools." Most students enjoy the hands-on experience they receive. They know that when they graduate, they will be prepared for the world ahead.

Teachers at Rowanty play a major role in their students' lives. Most of them will tell you that they enjoy former students coming back in later years as a success. Instructors here know that they are teaching their students something that they will be using for the rest of their lives. Some of the teachers attended college, and some have years of experience that aid them in teaching at Rowanty. Mr. Friedl, the principal of Rowanty, faces the challenges of working with students from three different counties and answering to three different school boards. Teachers at Rowanty often have to deal wit different challenges than the teachers her at PGHS, but they seem to handle them wit ease and even a little humor.

The Royal Cruise

The elegance and glamour that swept through the doors of the Fort Lee Officer's Club on Saturday, May 6, 1995, was unbelievable: The Royal Cruise was arriving. Throughout the night couples and friends danced and talked as the excitement intensified over who would be crowned king and queen. Chris Briggs and Regina Parham were given the honor of being Prom King and Queen for 1995. All that attended said they had a lot of fun. Even though the evening ended, the memories will last a lifetime.

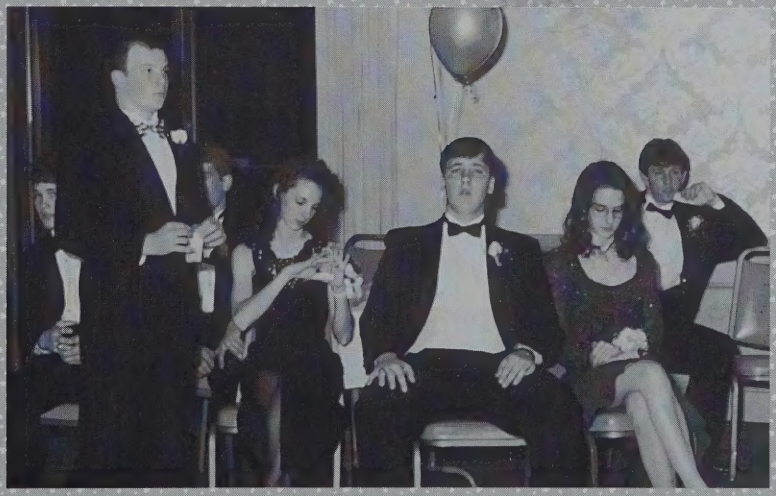
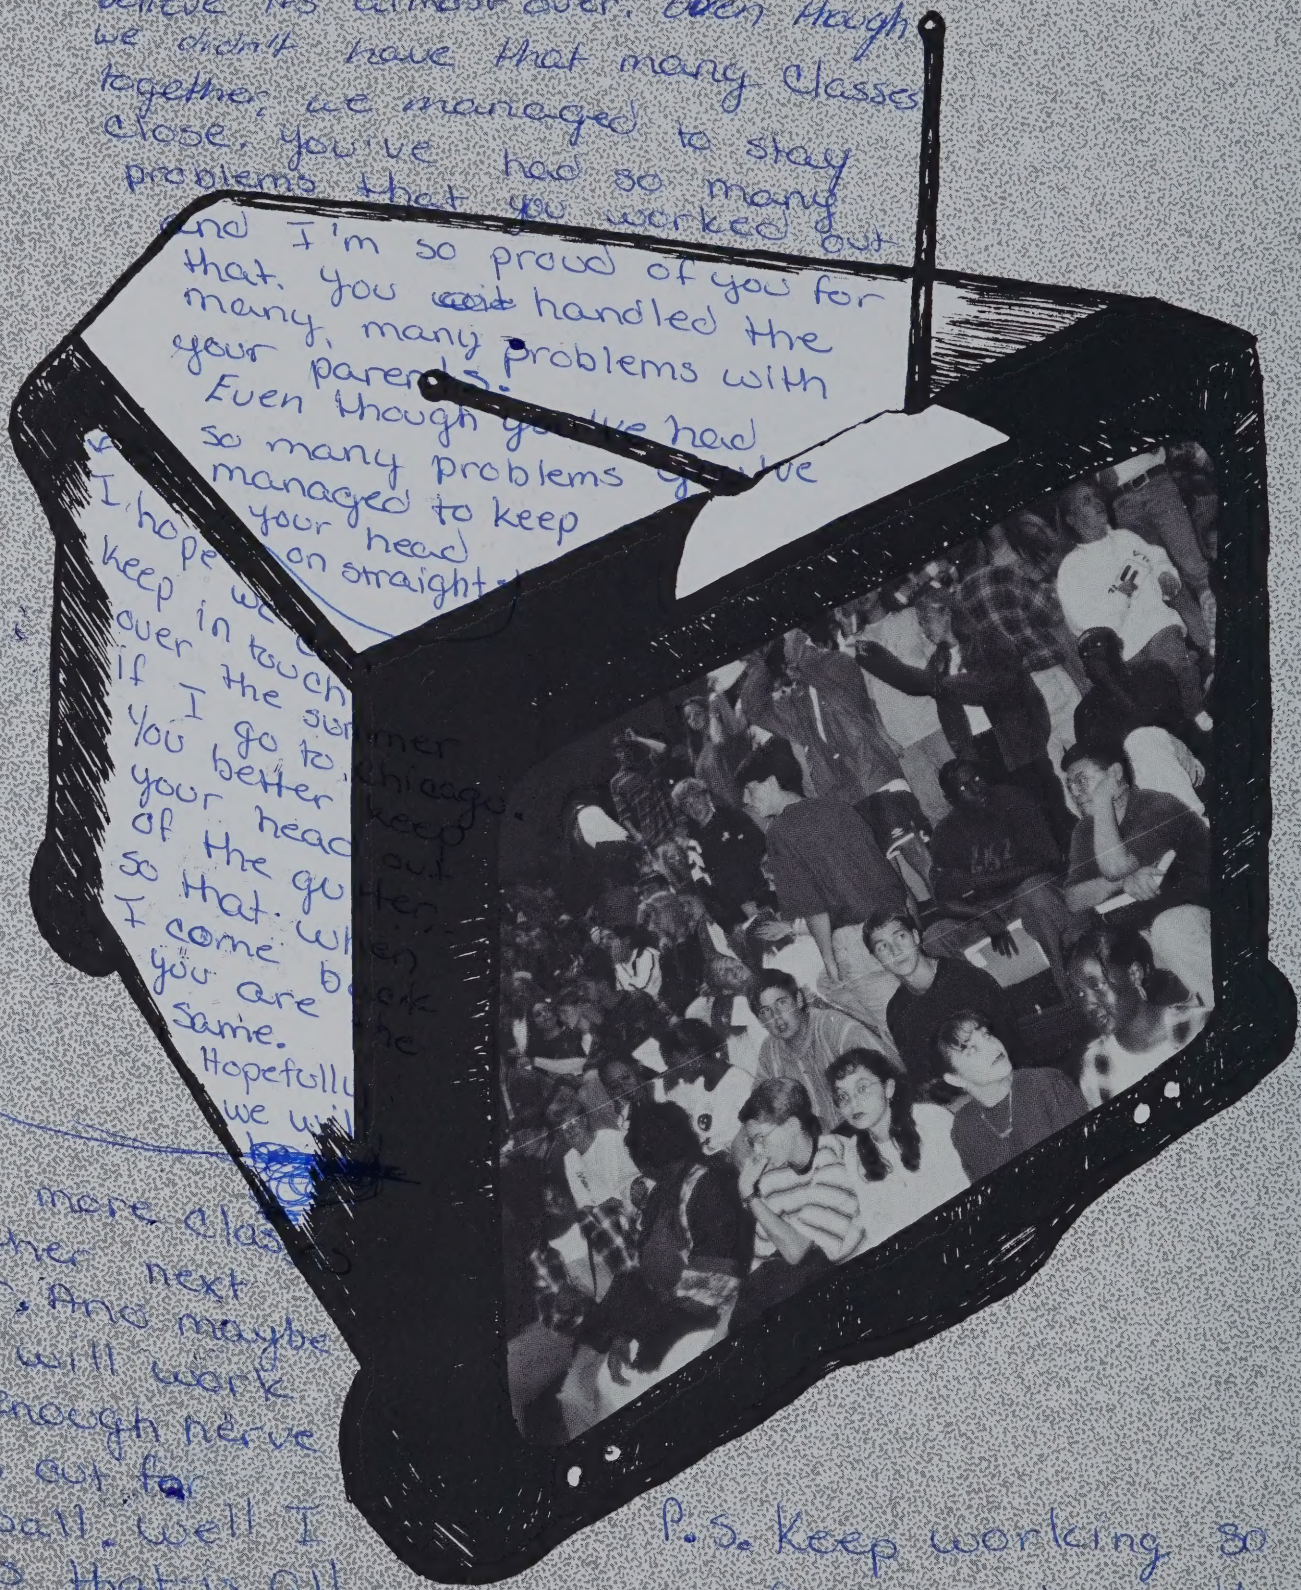
Midnight Masquerade

Ring Dance 1995



Loree,

It's been a long year. I can't believe it's almost over. Even though we didn't have that many classes together, we managed to stay close. You've had so many problems that you worked out and I'm so proud of you for that. You handled the many, many problems with your parents. Even though you've had so many problems you've managed to keep your head on straight.



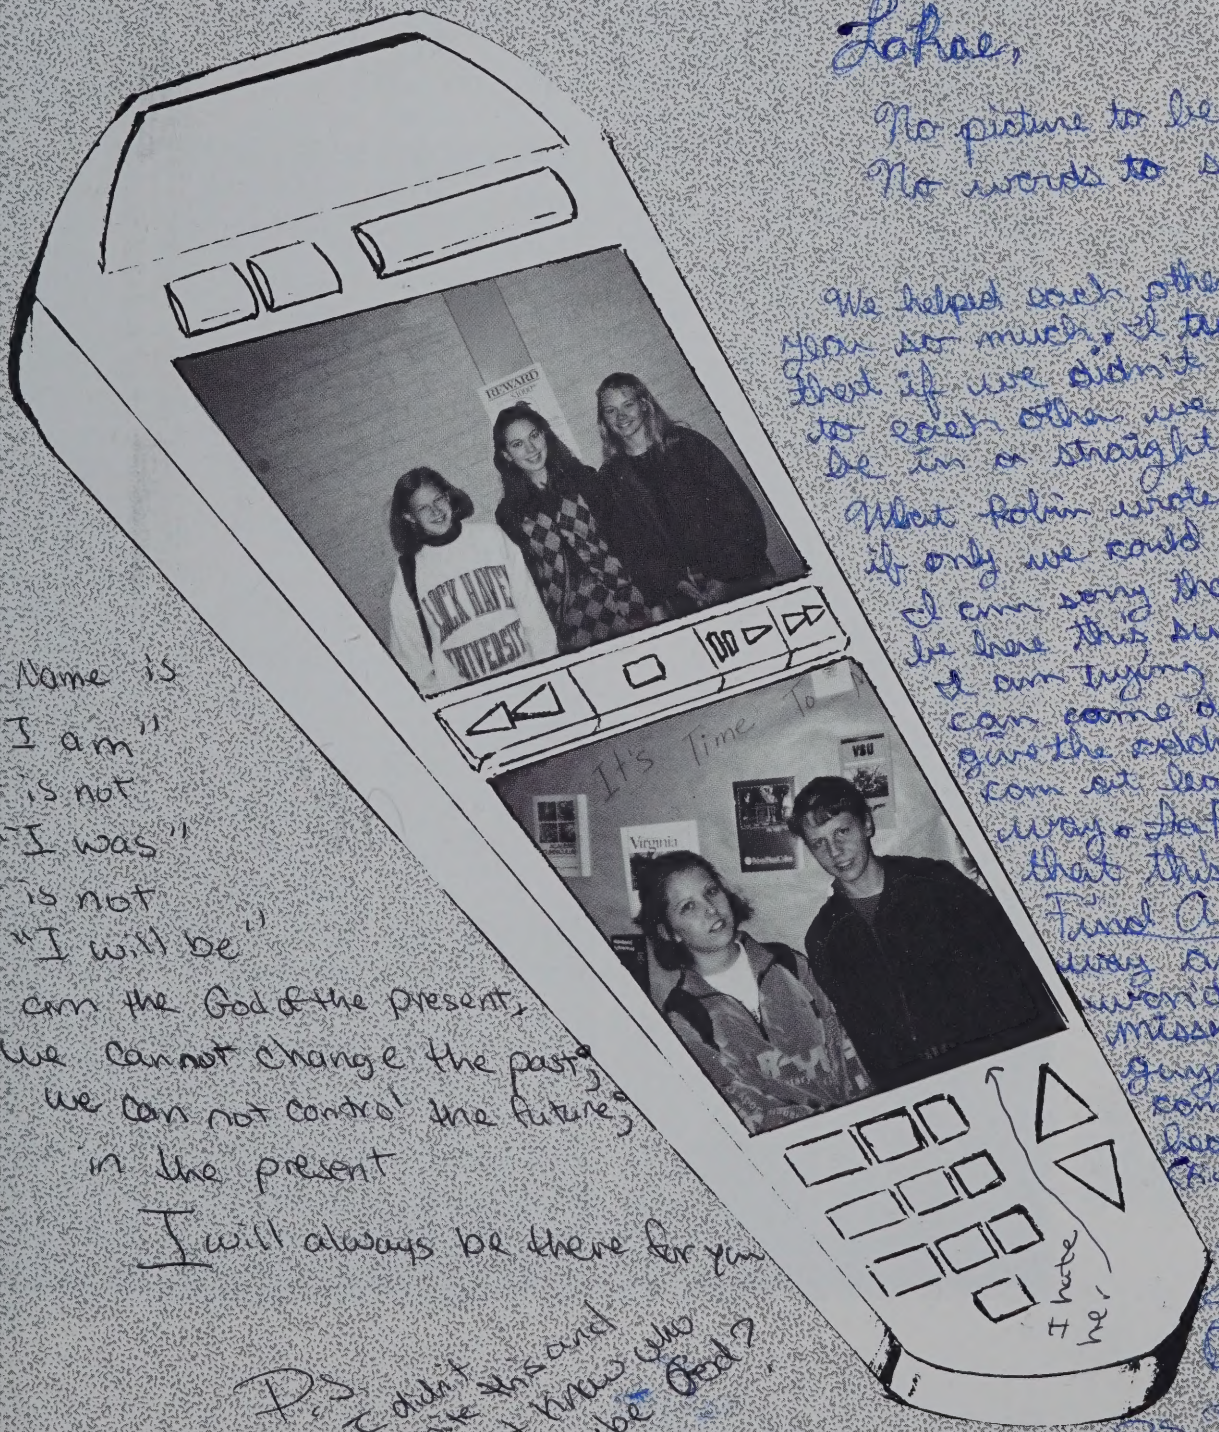
I hope we keep in touch over the summer if I go to Chicago. You better keep your head out of the gutter so that when I come back you are the same. Hopefully we will have more classes together next year. And maybe you will work up enough nerve to go out for softball. Well I guess that is all I have to say.

P.S. Keep working so you can keep that car.

Your B-friend,

Vinnie

SOPHOMORES



Lahae,

No picture to be seen
No words to say

We helped each other out this year so much. I truly believe that if we didn't talk to each other we both would be in a straight jacket. What Robin wrote is so true, if only we could believe it. I am sorry that I can't be here this summer and I am trying to see if you can come down. I'll give the address so we can at least talk that way. Hope I pray that this summer you Find A Boy that way the 11th grade year won't be so about guys so you can get your head on straight.

Love,
Amber Arnold

P.S. Don't do anything we don't do this summer

My Name is
"I am"
It is not
"I was"
It is not
"I will be"
I am the God of the present,
We cannot change the past,
We can not control the future,
In the present
I will always be there for you

P.S. I didn't write this card I don't know who did - maybe God?

Love Amber

VARSITY

The learning experience did not stop in the classroom for many members of our Varsity Football Team this season. According to Coach Parker this was "a learning year for a lot of young starters." Team captains Rob Wilkinson, James Powell, and Ronnie Custis did their best to turn the team into gridiron gladiators. Brian Taylor, James Powell, and Jermaine Simpson were named First Team All District. Brian Taylor and Jermaine Simpson were also named to Second Team All District along with Kenny Carmichael and Scott Eley. Named All Academic were: Brian Taylor and Scott Eley.

JV FOOTBALL

The 1995 JV football season was one of the best Prince George has had. Finishing the season with a 5-1 record proved that the new team has matured. Two strengths of this team were a desire to work hard and teamwork, even though they had very few returning starters.

Petersburg was cited as being the hardest win due to delays before the game, but Coach Nealan Chandler said, "Once the game began, we traded touchdowns until the fourth quarter, but we came out on top, with a 50-34 win. "In addition to it being a great year for the team, Cassius Williams received special recognition for rushing over 1,000 yards".

Coach Foster's first year was very rewarding. She was given the honor of coach of the year; what a great accomplishment for a first year coach. She and the team made it through practices at Battlefield Park, The Monster (the hardest work out possible), and push-ups after push-ups after push-ups, which Audie seemed to be the best at.

The team had a very good year under the direction of their coach. The boys and the girls placed third in the district while Michele McClellan placed third for the girls and Matt Indelicato placed second for the boys. The boys placed second in the central district meet and the girls placed first. Thomas Dale was overall the most difficult meet. However, both the boys' and the girls' teams made major improvements.

Girls' Tennis

The 1995 tennis season was another successful year for the girls' tennis team. They went 12-0 in the regular season. Five seniors led their unstoppable rampage through the Central District. Senior, Kristi Groome, attributes their success to teamwork and because "Mr. Cash always pushes us to do our best."

In post-season Whitney Shaw and Robin Stabler went to the Central District Tournament. Whitney lost to Robin in the finals. Robin also took the doubles title along with Mary Beth Crutchfield. The team then went on to beat Monacan in the quarter finals to Mills Godwin. Great job girls!

William Claiborne was 1st team All-District, and Fred Mitchell and Aundre Lang made 2nd team All-District. The team placed 2nd in the Fort Lee Tournament and beat Petersburg three times in one season for the first time in school history. The determination of a champion.

The Boys and Girls track team both had an outstanding season. The girls went 8-1 which tied their best season ever. The boys had their most successful season as well. Both teams worked very hard during the '95 season. Track is technically an individual sport, however P.G. decided to pool their talent and work as a true team. Very seldom is the "team concept" seen on a track team, and this unity created a special bond for this successful season.

If a person were to ask Coach Wagnespack what he thought of the varsity softball team, you might hear him say, "It was a great season for a group of ladies . . . We swept the district and played together, what more could we ask." Finishing the district tournament undefeated, there is no doubt why this coach was so pleased.

Several team members won awards. Beth Allin won District Player Of The Year. Christy Colturn was 1st Team All District Outfield and Rachael Morris received All District Pitcher. Tara Pennington was given the All District Infield title. The All Academic Team went to Beth Allin, Rachael Morris, Leah Morris, and Lorretta Sexton. Finally the Regional Academics went to Beth Allin. Wow, way to go Royals!

BALL

The PGHS Girls Volleyball Team has "shown phenomenal improvement, developing from a first year squad into a first rate team," says Coach Lilly. Led by their captains, LaTora Jones and Loretta Sexton, the girls defeated Thomas Dale in the district playoffs to obtain the First Place seed in the district and an automatic regional berth. The team is full of talented players who have been rewarded for their hard work. Loretta Sexton and Karla Ortiz were named to the First Team All-District. Second Team All-District players were Jennifer Watts and Jenny Ludwig. Loretta Sexton had the honor of being named to the Second Team All-Region and District Player of the Year. Coach Lilly was also named Coach of the year. With the loss of only two seniors, the expectations for next year's team are high but if any team can meet the high goals, these girls can.

Something To Cheer About

Energetic and devoted scratch the surface in describing the 1995-1996 Prince George High School Cheerleaders. The Team was decorated with many new faces this year under leadership of the co-captains Susan Covington and Lydia Basham.

These young ladies bear the elements during the football games, in the rain and cold, to keep the crowd jumping and entertained. You will also find them throughout the school year on basketball sidelines, pep rallies, and even wrestling matches. Susan Covington was honored by participating in the Macy's Thanksgiving Day Parade. The 95-96 cheerleading squad has performed with excellence.

Have you ever wanted to be a lawyer like Matlock or Perry Mason? The Model Judiciary Program gives students the opportunity to participate in a courtroom setting. This year the students involved were asked to represent the plaintiff, a rookie hockey player who was injured in a fight and suffered permanent loss in ability. The twelve person team played the roles of lawyers, the client, a doctor, a coach, a radio announcer, and a hockey fan. The defendants were the team from St. Christopher's. No team was available from a third school to form a jury so the case was left to the judge. The decision was a tie. The appeals hearing was February 12, 1996, and Jaime Faulcon and Amy Messer presented an excellent appeal in a competition against Collegiate. This was Prince George's second year participating in the program and last year's team went all the way to the Supreme Court.

Mr. Schillinger confers with club's legal advisor, Brian Fratkin who is clerk to Judge Lacey of the State Supreme Court.

weeks the YB class sold yearbooks during lunch blocks. We enjoyed it very much.

Each year a group of people come together and form what we like to call a Yearbook Staff. To a passerby the class may look like just fun and games. To the actual class, it's not. While yearbook isn't all hard work, there are times when decisions must be made and that can be grueling. Congratulations to the entire staff for surviving.

The sections that take the most time are the panel pages. Here Teresa, Elizabeth and Dana sort through mug shots.

Jesse and Elizabeth hang out during a break from our summer conference.

CUSTODIAL STAFF

Three groups of very important, but often forgotten people, are the custodians, cafeteria workers and security guards. The Custodial Staff keeps our school clean. They clean tables between lunch blocks and clean the Commons Area after 1500 kids have eaten. They fix whatever is broken and still have time to talk with students and teachers. Without the Cafeteria Workers, a majority of the school would go hungry during the day. They prepare meals for about 1000 students every day. The Security Guards keep our school safe. They patrol the halls during classes and supervise during lunch to help control hot tempers. They also direct the traffic on Laurel Spring Road before and after school. These three groups of people are to be commended for their hard work and dedication, day after day. Thanks, guys!

"This Is A Test" is a One Act Play by Stephen Gregg. The play takes place in a modern-day classroom. Alan, a sophomore, has an important test coming up that can affect his future. So, Alan stays up all night studying. When he gets to school the morning of the test, he cannot remember a thing. His best friend, Lois, reassures him that he will do just fine. Alan's conscience is represented by a chorus of 3 actors that begin to distract him. For some reason he did not get the review sheets, and his teacher, Mr. Williams, does not seem to like him very much.

The test begins. Alan cannot answer the first question, his conscience is distracting him, his classmates are obviously cheating, and he is becoming paranoid. Things are not looking very good . . . then comes the true or false section. Alan manages to make it through this section. Then, Evan, Alan's worst enemy, walks in, skims through t test, claims he got all the answers corre and the teacher gives him an A. Alan disgusted. His conscience is still "messi with his head."

Alan comes to the essay question (bett yet the opinion essay) things might get b ter. Alan stares at his test disbelievingly . it's in chinese. The teacher doesn't want hear excuses from Alan. This is a nightmar Alan finds himself daydreaming and he talking to his mother and finds out he h been accepted into Majestic University. H is startled by Mr. Williams yelling at hi telling him that he had better stop da dreaming and answer some questions. Su denly, everyone has turned against Alan, h classmates, his best friend, even his ov conscience. Finally, Alan comes to a que tion he can answer . . . Brrring . . . Tim UP!

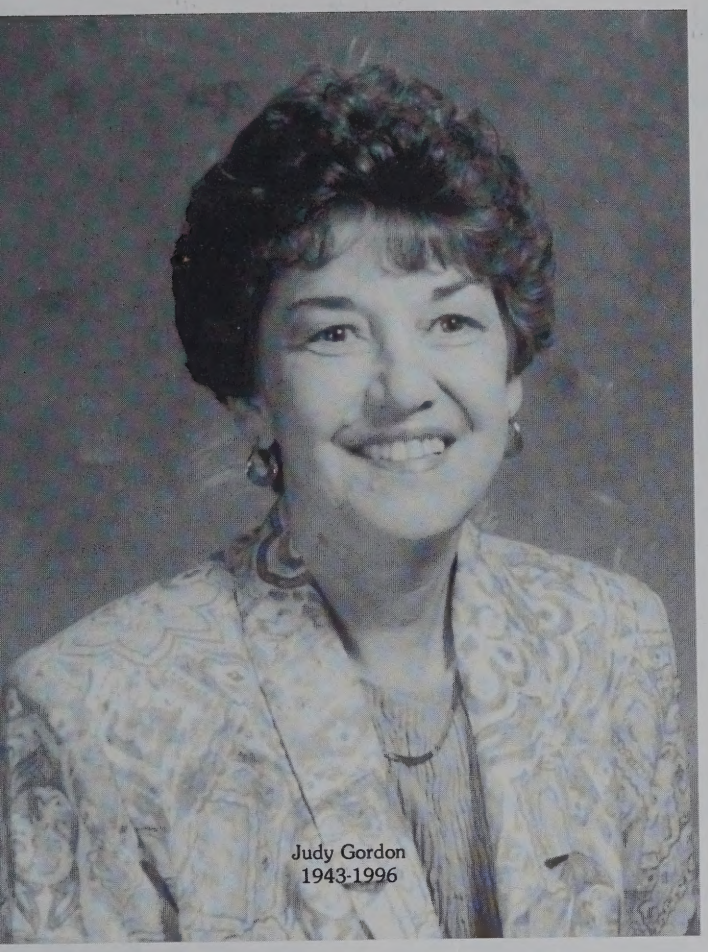
Your regularly scheduled teacher will not be seen at this time . . .

Chances are that you've had a substitute at least once this year. It's also very possible that your sub was one of these 5 people. On any given day, you'd likely find most of them at P.G.H.S.

. . . and now back to our regularly scheduled teacher, already in progress.

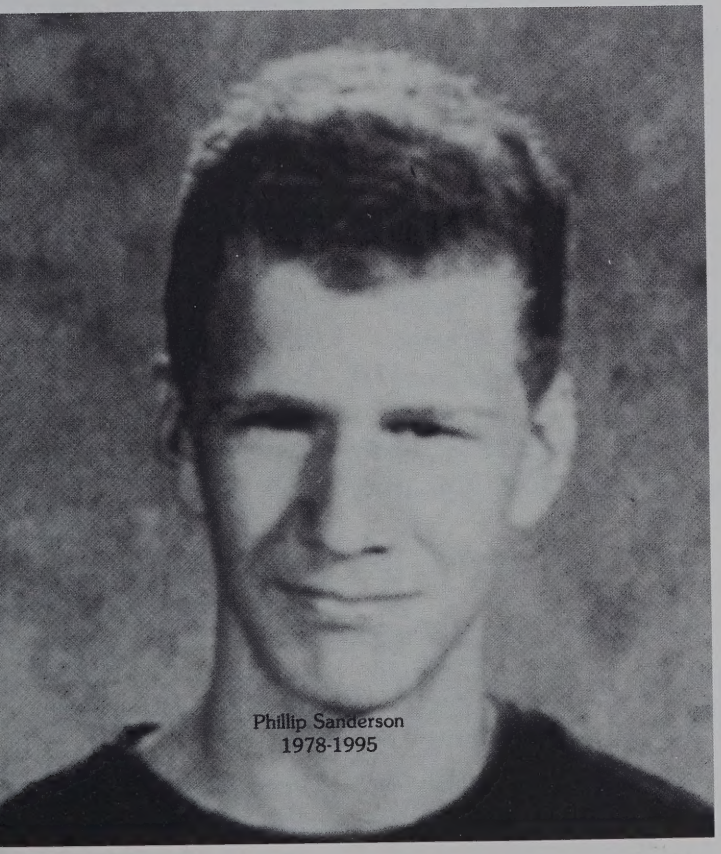
STUDIES . . .



Judy Gordon
1943-1996

"All of us at Prince George High School were deeply saddened by the news of Judy Gordon's passing . . . We will take comfort in the fact that a part of her will continue to live, reflected in the lives of the students she has instructed and guided. As a teacher, she gave of herself (perhaps the greatest gift of all), and those students who were fortunate enough to fall under her tutelage will carry her ideals, her knowledge, and her moral principles into the world, and the world cannot help but be a better place for it."

Charlotte L. Martin



Phillip Sanderson
1978-1995

To see a world in a grain of sand
And a heaven in a wild flower,
Hold infinity in the palm of your hand
And eternity in an hour.

QUANTUM LEAP

20 Years

A lot can happen in 20 yers: el Caminos to 4-wheel Drives, Dittos to photocopies, rabbit ears to satellite dishes, 8-tracks to CD's, disco to rap, **Jaws,** to **Waterworld.** No one ever suspected how full the school would become. Back then, there was only one student parking lot, average class size was about 15 students, and the entire school fit into the auditorium at once.

Twenty years from now who knows what we'll see?

Colophon

It was definitely an interesting year in yearbook land. With all of that lovely winter weather, the yearbook staff had quite a situation to handle. The class and club had to juggle multiple deadlines at once. It's hard to believe it actually got done.

First of all, there are some people who really deserve thanks: the entire guidance staff, especially Mrs. Sturt, for helping us every time we needed it (and we needed it a lot).

Secondly, muchas gracias goes to Jan Day, our Taylor Publishing representative. Without her we would have been so lost.

Obviously, Ms. Bradley and Ms. Greene deserve some appreciation. Advising us is not the easiest job in the world, but you two managed.

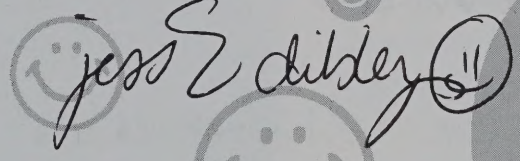
The yearbook club — Marjorie, Jessica, Morgan, Leah, Nathan, April, Alisha, and Andrea — what can I say? It may have seemed like you guys didn't do anything important, but trust me, you did.

Last but not least, Yo necesito darle las gracias a la clase del anuario: Elizabeth, Dana, Mandy, Andrew, Tammie F., Kelly, Mike, Marius, Tammie S., Robert, Jenny, Bryan, and Brad and Damon for just showing up.

I think a lot of people don't realize how hard it is to make a book that will please a majority of our school's population. I'm pretty proud of this year's staff for being able to handle the pressure.

Once again, muchas gracias to all!
Your Editor,

P.S. Crazy! I was crazy once.
P.S. Erin, we miss you.



Volume 43 was published by Taylor Publishing Company, printing 735 copies at 240 pages. The cover was designed by a Taylor Publishing artist using the ideas of the staff with lithocote material and gold foil. Endsheets are black and white. All captions are printed in souvenir. The first two signatures were in alternate blocks of four-color and spot color which were deep green #23 and royal purple #71.

THE WINTER OF 1996

What can be said about the winter of 1996? It was cold. It was wet. It was snowy. It also presented some interesting situations for students — missing days of school, attending on Saturday. By the end of February, 15 days had been missed.

You, the owner of this book, should feel privileged to now hold it in your hands. With all of the days of school we've missed, the yearbook staff was forced to work on a very tight schedule (as if there's not enough pressure already).

To
Larae
Well it's been nice to
know you all these years
You're one of the sweetest girls
I know. I hope we can keep in
touch and maybe go out one night.
